Community Blue Medicare PPO has a network of pharmacies. The out-of-network (OON) benefit provides "out-of-network" coverage. You may see out-of-network providers as long as the services are covered benefits and medically necessary. You may pay more for services than you would if you used a "network provider."

Coverage Gap	The coverage gap begins after the yearly drug cost (including what our plan has paid and what you have paid) reaches $5,030. After you enter the coverage gap, you pay 25% of the plan's cost for covered brand name drugs and 25% of the plan's cost for covered generic drugs until your costs total $8,000, which is the end of the coverage gap. Not everyone will enter the coverage gap.			
	Generics (25% Coinsurance) Brand (25% Coinsurance including 70% discount)			
Catastrophic Coverage	After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reaches $8,000, the plan pays the full cost for your covered Part D drugs. You pay nothing.			

If you reside in a long-term care facility, you pay the same as at a standard retail pharmacy.
